

Upload a Video to Studio

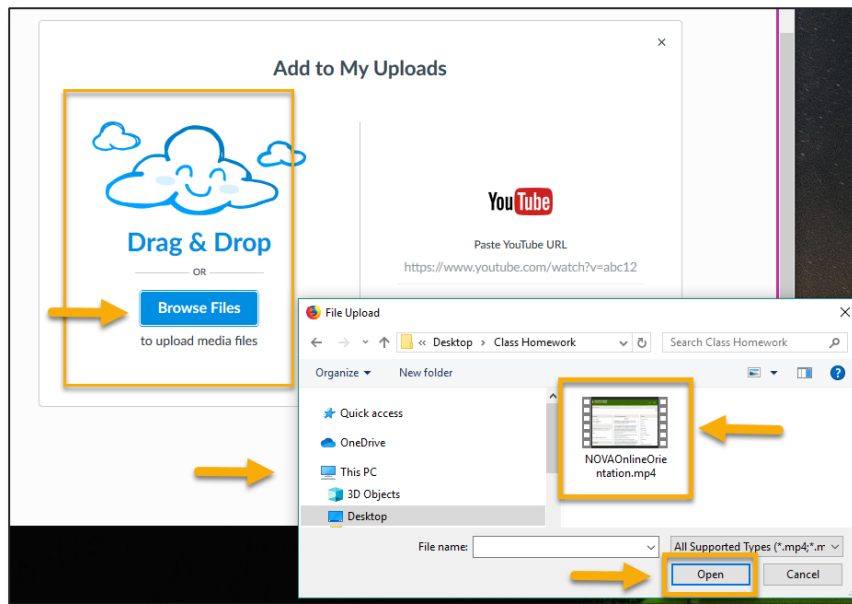

Click Studio on Global Navigation, the left-hand menu

Click the ADD icon in the upper-right

Click **Browse Files** to locate the file on your computer or **Drag & Drop** your media file to that area. Select the media file you wish to use and click **open**.

A progress bar displays the upload status of your media file. Your video may take a while time to upload.

Once your media file has finished loading, you can use it in your assignment.
